

## HOUSEHOLD HAZARDOUS WASTE

If a container has the words **caution, warning, flammable, combustible, danger, toxic, or poison** and still has product inside, it does not belong in the garbage, recycling, or down a drain. Kitsap and Mason County residents can safely dispose of hazardous household products at the Kitsap County Household Hazardous Waste (HHW) Collection Facility for no cost. Qualifying businesses and nonprofits can use the Small Quantity Generator hazardous waste disposal program for a fee.
