## **Injury Pedestrian vs. Vehicle Collision at 11<sup>th</sup> Street and Naval Avenue**

On September 5, 2019, at approximately 0833 hours, Bremerton Police Officers, along with members of Bremerton Fire Department, responded to the scene of a vehicle vs. pedestrian collision at 11<sup>th</sup> Street and Naval Avenue. Upon arrival, it was determined a mother walking her three children, southbound on Naval Avenue, had been struck in the crosswalk by a minivan traveling eastbound on 11<sup>th</sup> Street. The mother was pushing a stroller with at least one child in the stroller. It appeared all pedestrians sustained injuries, however it is unknown at this time the extent of those injuries. Harrison Medical Center did report the four victims are in "stable condition." All four victims were transported to Harrison Medical Center for treatment. The three children appeared to be 6 years of age or younger.

The 27-year-old, female, driver of the mini-van has been arrested for DUI and a search warrant for blood evidence is being sought. The intersection of 11<sup>th</sup> Street and Naval Avenue is currently shut down while investigators process the scene.

There is nothing more to release at this time.
