Shooting sends one victim to the hospital

On Tuesday 12-10-19 at 1950 hours, several 9-1-1 callers reported hearing gunshots and seeing subjects running from the scene in the 1200 block of Park Avenue in the City of Bremerton. Officers from the Bremerton Police Department with the assistance of the Kitsap County Sheriff's Office and the Washington State Patrol responded to investigate.

Evidence of a shooting was found during a search of the area while one keen-eyed Bremerton officer spotted a vehicle believed to be associated with the incident leaving the area. Officers stopped that vehicle and discovered a victim of multiple gunshot wounds inside. He was being transported to the hospital by friends. The victim was identified as a 20 year-old Port Orchard man.

Medics from the Bremerton Fire Department responded and transported the victim to Harrison Medical Center in Bremerton for what are believed to be non-life-threatening injuries.

A Bremerton Police dog track by K9 Loki was not able to locate the suspect or suspects.

In-depth investigation by the Bremerton Police Department General Investigations Unit is ongoing. Preliminary findings show that the shooting was not random and there is not believed to be any danger to the public.
