

CDBG IN WASHINGTON

The CDBG Coalition calls on Washington's Members of Congress to fund at least **\$4.2 Billion for CDBG formula grants in FY2025.**

WHAT IS CDBG?

The **Community Development Block Grant (CDBG) Program** is a highly impactful federal program that allows State and local governments and their program partners to craft locally driven solutions to address urgent and important community development needs. Program activities focus on four areas: decent housing, infrastructure (public improvements), services, and economic development. The CDBG program grows local economies and improves the quality of lives for low- and moderate-income citizens. Over **1,200 jurisdictions** receive an annual allocation of CDBG funds. Nationally, over **7,200 rural, suburban, and urban communities** have access to CDBG funds. Communities use CDBG to respond to current and emerging community development needs, including job creation, affordable housing development, improvement of existing housing stock, the delivery of services, and the development of infrastructure improvements.
